Subject: Invitation to Conduct Workshop on **'CAD Software'.**

Respected sir,

The Department of Mechanical Engineering is pleased to invite you to Conduct workshop on **'CAD Software' in every Saturday in** a month of Septeber-19 . The aim of this session is to give knowledge about Software,Working Drawing to fullfill the industry requirements. Your experience will definitely helps our students to doscover new opportunities in the field of manufaturing.

We look forword to a positive response from you soon.

Thanking You.

About College

BVCOE&RI, was established in 2008. BVCOE&RI offer our students diverse range of course in latest technologies. We also run the traditional degree programs in Civil, Computer, Electrical and Mechanical Engineering. The Institute has established Institute - Industry Partnership Excellence Centre with reputed Industries for Skill Development and producing highly employable students. The Institution has highly qualified and dynamic faculty members, state-of-the-art laboratories, workshop & Hostel Facilities.

About the Department

Highly qualified, dedicated faculty members provide the best Academic and Research ambience in the Department. It has the state-of-the-art laboratories and infrastructure to cater to needs of curriculum, research as well as consultancy activities. Construction Technology Centre is a place where students are exposed to hands on construction activities. Soft skills, Software Training Programme and other value addition courses are conducted to prepare students to be highly employable. In addition Seminar, Workshops, Expert lectures are conducted regularly for upgrading knowledge base of faculty and students. The main objective of the Department is to produce skilled graduates who can be readily accepted by the Industry.

Vision

To become a leading Centre of excellence in the field of Civil Engineering education which will be highly recognized at National and International levels as well as contributing to the technology for the sustainable development of the nation.

Mission

To achieve a nationally recognized, student-centered, industry-oriented, construction program that prepares graduates to become outstanding future leaders, well versed in relevant management practices, current construction techniques and in the conduct of applied research.

About Program

This course covers the essential core topics for working with the AutoCAD software. The teaching strategy is to start with a few basic tools that enable the student to create and edit a simple drawing, and then continue to develop those tools. More advanced tools are introduced throughout the class. Not every command or option is covered, because the intent is to show the most essential tools and concepts, such as:

- Understanding the AutoCAD workspace and user interface.
- Using basic drawing, editing, and viewing tools.
- Organizing drawing objects on layers.
- Inserting reusable symbols (blocks).
- Preparing a layout to be plotted.
- Adding text, hatching, and dimensions.

To TE & BE students of Civil Engineering

Organized by

Department of Civil Engineering,

Brahma Valley College of Engineering & Research Institute, Nashik.

About College

BVCOE&RI, was established in 2008. BVCOE&RI offer our students diverse range of course in latest technologies. We also run the traditional degree programs in Civil, Computer, Electrical and Mechanical Engineering. The Institute has established Institute - Industry Partnership Excellence Centre with reputed Industries for Skill Development and producing highly employable students. The Institution has highly qualified and dynamic faculty members, state-of-the-art laboratories, workshop & Hostel Facilities.

About the Department

Highly qualified, dedicated faculty members provide the best Academic and Research ambience in the Department. It has the state-of-the-art laboratories and infrastructure to cater to needs of curriculum, research as well as consultancy activities. Construction Technology Centre, is a place where students are exposed to hands on construction activities. Soft skills, Software Training Programme and other value addition courses are conducted to prepare students to be highly employable. In addition Seminar, Workshops, expert lectures are conducted regularly for upgrading knowledge base of faculty and students. The main objective of the Department is to produce skilled graduates who can be readily accepted by the Industry.

Vision

To become a leading Centre of excellence in the field of Civil Engineering education which will be highly recognized at National and International levels as well as contributing to the technology for the sustainable development of the nation.

Mission

To achieve a nationally recognized, student-centered, industry-oriented, construction program that prepares graduates to become outstanding future leaders, well versed in relevant management practices, current construction techniques and in the conduct of applied research.

About Program

In the construction of smart city, the most indispensable is modern surveying and latest technologies in advanced surveying. Through the analysis of the application of new surveying and latest technology in the construction of smart city, this program gives the important role of new surveying and mapping technology in the construction of smart city. This FDP program is an initiative towards providing a platform for various students in the field of surveying being done in engineering and technology to discuss and elaborate on the developments, gap, limitations that exist for active implementation

Dear Sir,

On behalf of Department of Electrical Engineering, Brahma Valley College of Engineering & Research Institute, Nashik, we would like to extend our heartiest thanks for accepting our invitation for workshop. Your Workshop on **"PLC Programming Application".** will be helpful to our students.

Thank you for your motivation and benefitted valuable guidance. We are expecting similar kind of cooperation in future.

Sincerely,

Department of Electrical Engineering

To,
The Principal
Brahma Valley College of Engineering
& Research Institute, Nashik

Subject: Proposal to get permission to conduct 5 days certification course on "**Auto CAD**" in our campus of our 2nd, 3rd and 4th year Electrical Engineering students from 6/03/2018 to 10/03/2018

Respected Sir,

It is our privilage to inform you that we Electrical Department is planning to conduct a certification course on "**Auto CAD**" for our 2nd, 3rd and 4th year Electrical Engineering students from 6/03/2018 to 10/03/2018.

Computer-Aided Design (CAD) can be defined as using computer systems to assist in the creation, modification, analysis, or optimization of a design. CAD software is used to increase the productivity of the designer, improve the quality of design, improve communications through documentation, and create a database for manufacturing. AutoCAD is an industry-leading commercial CAD software. AutoCAD is a widely used software program that can help you draft construction documentation, explore design ideas, visualize concepts through photorealistic renderings, and simulate how a design performs in the real world. With this workshop students can learn how AutoCAD is helping users produce quality designs in less time with significant improvements.

In this connection we request you to consider our request and grant permission to conduct the above said program. Hopping for early response for this aproval.

Thanking you.

Dear Sir,

On behalf of Brahma Valley College of Engineering & Research Institute, Nashik, we would like to extend our heartiest thanks for accepting our invitation for Workshop and addressing our students on 24th July 2017 to 28th July 2017. Your Workshop on **'Basics of C and C++ Programming'** will be helpful to students to write, declare, and explain everything in the source code, giving you a deeper knowledge of all the program parts.

Thank you for the time, talent and expertise you have given in the Workshop. We are expecting similar kind of cooperation in future.

Sincerely,

O/C

Letter of Thanks

To,

Mr. Amit Gore

Director,

Akshay Study Abroad.

Subject: Thank you Letter for conducting workshop on Outstanding Leadership in higher education

Hello Sir/Madam,

We are really grateful that you yourself took time from a very busy schedule to come to our institute where business administration has been taught to students for conducting workshop on **Outstanding Leadership in higher education**, and your knowledge is immensely benefited them.

You are a well-known speaker in this field and hence we want our students to learn first-hand experience. Though we wanted the session to be a little longer so that you could discuss your books and progress but your modesty has humbled us and we feel our students have taken benefited from this seminar.

Thank you very much for motivating the students and also for being a good mentor and guide for our institute.

Letter of Thanks

To,

Mr. Vishnu Nair

Director,

CAD Institute, Nashik.

Subject: Thank you Letter for conducting workshop on **"Effective Interpersonal Communications"**

Hello Sir/Madam,

We are really grateful that you yourself took time from a very busy schedule to come to our institute where business administration has been taught to students for conducting workshop on **"Effective Interpersonal Communications"**, and your knowledge is immensely benefited them.

You are a well-known speaker in this field and hence we want our students to learn first-hand experience. Though we wanted the session to be a little longer so that you could discuss your books and progress but your modesty has humbled us and we feel our students have taken benefited from this seminar.

Thank you very much for motivating the students and also for being a good mentor and guide for our institute.

Regards

Brahma Valley College of Engg. & RI * Anjaneri
