Activity Report

Title	3-D Printing
Duration	33 Hrs.
Name of Speaker	Mr. Vishnu Nair
Designation	Director
Objectives	1. Basic knowledge of 3D printing 2. Identify components of a 3D printer 3. Create and engineer a 3D model that addresses a need
Beneficiary	TE Mechanical Engineering Students
Number of Participants	74
Course Outcome	1. The parts and the way that 3d printers function. 2. The materials used in 3d printing. 3. The areas of human activities in which 3d printing is used. 4. Use of 3d applications and their tools, to design models

Subject: Invitation to Conduct Workshop on '3-D Printing'.

Respected sir,

The Department of Mechanical Engineering is pleased to invite you to Conduct workshop on '3-D Printing' on every Saturday in a month of September-19. The aim of this session is to give importance of 3-D printing in future. Your experience will definitely helps our students to discover new opportunities in the field of manufacturing.

We look forward to a positive response from you soon.

Thanking You,

Subject: Invitation to Conduct Workshop on 'Implementation of 6-Sigma'.

Respected sir,

The Department of Mechanical Engineering is pleased to invite you to Conduct workshop on 'Implementation of 6-Sigma' in a month of April-21 . The aim of this session is to give knowledge about Non Conventional machining process and deep learning about advancement in Inspection to fulfill the industry requirements. Your experience will definitely helps our students to discover new opportunities in the field of manufacturing.

We look forward to a positive response from you soon.

Thanking You.

Workshop on Implementation of 6-Sigma

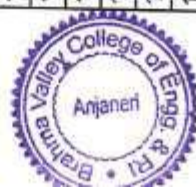

Sr. No.	Date	Topic Covered	Topics Duration(in Hrs)
1	4/4/20	Meanings of Six Sigma	2
		General History of Six Sigma & Continuous Improvement	2
		The Problem Solving Strategy $Y = f(x)$	1
		Six Sigma Roles & Responsibilities	2
2	11/4/20	Defining a Process	1
		Critical to Quality Characteristics (CTQ's)	2
		Cost of Poor Quality (COPQ)	1
		Pareto Analysis (80:20 rule)	1
		Basic Six Sigma Metrics	2
3	12/4/20	Cause & Effect / Fishbone Diagrams	2
		Process Mapping, SIPOC, Value Stream Map	1
		X-Y Diagram	1
		Failure Modes & Effects Analysis (FMEA)	2
4	18/4/20	Basic Statistics	1
		Descriptive Statistics	2
		Normal Distributions & Normality	2
		Graphical Analysis	1
5	19/4/20	Precision & Accuracy	1
		Bias, Linearity & Stability	2
		Gauge Repeatability & Reproducibility	1
		Variable & Attribute MSA	2
6	25/4/20	Capability Analysis	1
		Concept of Stability	1
		Attribute & Discrete Capability	2
		Monitoring Techniques	2
7	26/4/20	Data Collection for SPC, I-MR Chart, Xbar-R Chart, U Chart, P Chart, NP Chart	1
		Xbar-S Chart, CUSUM Chart, EWMA Chart	1
		Control Methods	1

Workshop Report

Title	Structural analysis & design using STAAD PRO with practical aspects
Duration	30 Hrs.
Name of Speaker	Miss. Nida Pathan
Designation	CADD Center
Objectives	To increase the awareness regarding various software tools available for the design and analysis of the RCC structures & Steel structures
Beneficiary	SE Civil Engineering Students
Number of Participants	63
Course Outcomes	Students will be able • To model (2D & 3D) buildings using software Staad.pro • To design buildings under earthquake loads. • To estimate the wind load on building structures and design using software STAAD Pro

To,
Miss. Nida Pathan
CADD Center

Subject: Invitation for Workshop on **Structural analysis & design using STAAD PRO with practical aspects**

Respected sir,

On behalf of Brahma Valley College of Engineering & Research Institute, Nashik, we are very pleased to have the honor of inviting you to conduct Workshop at our institute from 13/07/2019. We would like you to speak on '**Structural analysis & design using STAAD PRO with practical aspects**'. The main objective of the workshop is to increase the awareness regarding various software tools available for the design and analysis of the RCC Structures & Steel Structures.

We request you to kindly accept the invitation.

Thanking You

With Regards,

CIRCULAR

All the SE Civil Engineering Students are hereby informed the workshop is arranged to enhance the knowledge on the 'Structural analysis & design using STAAD PRO with practical aspects' as schedule from 13/07/2019 all the interested students can attend the programme and avail the opportunity. The schedule is attached.

HOD, Civil Engineering
Head of Department
Civil Engineering Department
Brahma Valley College of Engg & R. I
Anjaneri, Nashik- 422 213

Structural analysis & design using STAAD PRO with practical aspects

1. Introduction to general features in STAAD PRO & its components
2. Introduction to Structural Analysis & its role in Civil Engineering Projects
3. Classification of Structures & its analytical Models
4. Analysis of Continuous Beams, Plane Truss & Portal Frame
5. Modelling of 3D Portal Frame from 2D Portal Frame
6. Analysis of Grillage Structures, Plate Structures & Analysis and Design of Reinforced Concrete Structures
7. Simply Supported Beam with Full Lateral Restraint
8. Simply Supported Beam with Lateral Restraint at Point Loads
9. Simply Supported Beam without Intermediate Restraints
10. Column with Pinned Ends and Intermediate Support
11. Analyzing various Analysis Results at various members and Joints.
12. Viewing STAAD Output File – Design File of Structure

Letter of Thanks

To,
Miss. Nida Pathan
CADD Center

Dear Sir,

On behalf of Department of Civil Engineering, Brahma Valley College of Engineering & Research Institute, Nashik, we would like to extend our heartiest thanks for accepting our invitation for workshop. Your workshop on '**Structural analysis & design using STAAD PRO with practical aspects**' from 13/07/2019 will be helpful to our students.

Thank you for your motivation and benefitted valuable guidance. We are expecting similar kind of cooperation in future.

Sincerely,

o/c

Workshop Report

Title	Practical approach of modern surveying techniques
Duration	30 Hrs.
Name of Speaker	Mr. Raju Kankariya
Designation	Kankariya Land Surveyers, Surveyer
Objectives	• The purpose of organizing this workshop was to make the students industry ready in the field of surveying • Modern surveying instruments provide faster and more precise surveying than conventional instruments.
Beneficiary	TE & BE Civil Engineering Students
Number of Participants	82
Course Outcomes	Student will able to find relative position of any objects or points of the earth & the distance and angle between different objects.

Practical approach of modern surveying techniques

1. Introduction

- Introduction
- Digital levels
- Salient features of digital levels
- Components of digital levels
- Various capabilities with digital levels
- Example specifications for levels

2. Electronic Distance Measuring Instrument (EDMI)

- Introduction to EDM
- Principle of EDM
- Classification of EDM
- Operations with EDM
- Error sources in EDM
- Corrections in EDM
- Some Examples

3. Electronic Theodolite & Total Station

- An introduction
- Characteristics of electronic theodolites
- Total Station

4. Global Positioning System

- History of Navigation systems
- U.S. Satellite Navigation systems

5. Photogrammetry

- Definition of Photogrammetry
- Applications of Photogrammetry

- Categories of Photogrammetry
- Classification of Photographs
- Information recorded on Photographs
- Introductory definitions for Photographs

6. Remote Sensing

- Definitions
- Remote sensing system
- Comparison of RS with other techniques
- Properties used in RS for discrimination
- Remote sensing in India

7. Geographical Information System (GIS)

- Introduction and Definitions
- Why GIS is needed and Benefits of GIS?
- Components of GIS
- Introductory concept of geospatial data
- Applications of GIS

Dear Sir,

On behalf of Department of Civil Engineering, Brahma Valley College of Engineering & Research Institute, Nashik, we would like to extend our heartiest thanks for accepting our invitation for workshop. Your workshop on '**Structural Audit & Retrofitting**' from 01/02/2020 will be helpful to our students.

Thank you for your motivation and benefitted valuable guidance. We are expecting similar kind of cooperation in future.

Sincerely,

Department of Electrical Engineering

Report

Academic Year	:	2019-20
Class & Semester	:	S.E., T.E., B.E
Title	:	Workshop on Solar Training
Course Duration	:	30 Hours
Number of Students completing the Certificate Course: 74		

Summary Report of the Program with Outcomes:

On completion of this course, the students will be able to exhibit

- Conceptual knowledge of the technology, economics and regulation related issues associated with solar power development and management
- Ability to analyse the viability of solar power projects
- Capability to integrate various options and assess the business and policy environment regarding solar power projects
- Advocacy of strategic and policy recommendations on usage of solar power

The student can get knowledge on :

- Demonstrate knowledge of and apply key solar electric system terms and concepts.
- Size and design a photovoltaic system.
- Mount, ground, position, install, wire and connect a photovoltaic system.
- Test voltage generated by photovoltaic system Operate & Maintain of Solar Power.
- Participants will learn different types of solar PV module and batteries used in solar PV plant.
- Design of solar PV Plant based on estimated loads.

Department of Electrical Engineering

To,
The Principal
Brahma Valley College of Engineering
& Research Institute, Nashik

Respected Sir,

Subject: Proposal to get permission to conduct 5 days certification course on “**Workshop on Solar Training**” in our campus of our 2nd, 3rd and 4th year Electrical Engineering students from 19/08/2019 to 23/08/2019.

We are going to organised a certification course on “**Workshop on Solar Training**” for our 2nd, 3rd and 4th year Electrical Engineering students 19/08/2019 to 23/08/2019.

Solar Power a clean, renewable resource with zero emission has got the tremendous potential of energy that can be harnessed using a variety of devices. With recent developments, solar energy systems are easily available for industrial and domestic use with the added advantage of minimum maintenance. Solar energy is made financially viable with government tax incentives and rebates. India has an average annual temperature that ranges from 25°C – 27.5 °C. This means that India has huge solar potential. One of the biggest challenges for India's booming renewable energy industry is getting skilled manpower.

For the same we request you to consider our request and grant permission to conduct the above said program. Hopping for early response for this aproval.

Thanking you.

Department of Electrical Engineering Report

Academic Year	:	2019-20
Class & Semester	:	S.E, T.E. & B.E.
Title	:	Workshop on Electric & Hybrid Vehicle
Course Duration	:	30 Hours
Number of Students completing the Certificate Course: 74		

Summary Report of the Program with Outcomes:

On completion of the module, the delegates will be able to:

- ❖ Understand the Indian Scenario for Electric & Hybrid Vehicles (E&HV)
- ❖ Demonstrate Electric & Hybrid Vehicles (E&HV) Basics, Working & Advancement
- ❖ Learn the Principle of Batteries for EV & HV
- ❖ Analyze the concepts of Swappable Batteries and Charging Infrastructure
- ❖ Analyze Current Trends in E&HV
- ❖ Understand Electric Vehicle Testing & Certification
- ❖ Demonstrate independent learning ability necessary for conducting professional development
- ❖ Become self-disciplined and self-motivated, demonstrating personal responsibility in the pursuit of studies and professional practice

The student can get knowledge on :

After completing this workshop students get the knowledge on:

- ❖ Provides advanced knowledge in the design, analysis, control, calibration, and operating characteristics of HEVs.

Department of Electrical Engineering

To,
The Principal
Brahma Valley College of Engineering
& Research Institute, Nashik

Subject: Permission for Conducting Certificate Program of 5 days on "**Workshop on Electric & Hybrid Vehicle**" for 2nd, 3rd and 4th year Electrical Engineering students from 6/01/2020 to 10/01/2020.

Respected Sir,

I am writing to request your permission to conduct an Add-on course on "**Workshop on Electric & Hybrid Vehicle**" for the students of 2nd, 3rd and 4th year Electrical Engineering. The course will be held from 6/01/2020 to 10/01/2020. **Prof.S.B.Dongarkar**-Assistant Professor of Electrical Engineering at BVCOE & RI will be the coordinator of this program.

The world is moving towards Electric Mobility and India is in the process of working on a clear cut policy through FAME II. The Electric Vehicle (EV) technology is still evolving and needs charging infrastructure. However, Japanese companies are advocating hybrid vehicles, which will not require extensive charging infrastructure. In a planned ecosystem, there is space for co-existence for all the technologies, leading to diversity. By 2026, there would be sale of 30 % Electric Vehicles (EVs) and Hybrid Electric Vehicles (HEVs).

I believe that the students will benefit from this program. The certificate will be provided by the department to each participant upon completion of the course. Kindly give our request a favorable consideration.

Hopping for early response for this aproval.

Thanking you.

FEEDBACK FORM

Student Name: Sangp Kalyani Uttamrao Branch/Year: T.E. (EE)

Complete the Evaluation for the Add on Course on "Workshop on Electric & Hybrid Vehicle". Your feedback is valuable for us.

Criteria	Excellent (4)	Very Good (3)	Good (2)	Average (1)
Add on course was relevant to your need			✓	
Provided material is helpful		✓		
Duration of the Add on Course is sufficient		✓		
Is it encouraged	✓			
The presenter's presentation was effective		✓		

1. What did you enjoy most during the Add on course?

From this course we understood the
progress take place in Electric & Hybrid Vehicle.

2. How will you implement this into your academics?

I want to do a case study & finding
this knowledge of workshop in my project.

Any Suggestions:

This presentation is very good.

Thank you for taking the time to help us to improve our training.

Letter of Thanks

To,

Mr. Bajrang Sharma

Sales Head

Vestige Marketing

Subject: Thank you Letter for conducting workshop on “Administrative skills for business success”.

Hello Sir/Madam,

We are really grateful that you yourself took time from a very busy schedule to come to our institute where business administration has been taught to students for conducting workshop on “Administrative skills for business success”, and your knowledge is immensely benefited them.

You are a well-known speaker in this field and hence we want our students to learn first-hand experience. Though we wanted the session to be a little longer so that you could discuss your books and progress but your modesty has humbled us and we feel our students have taken benefited from this seminar.

Thank you very much for motivating the students and also for being a good mentor and guide for our institute.

Regards

Subject: Thank you Letter for conducting workshop on “Financial planning and strategies”

Hello Sir/Madam,

We are really grateful that you yourself took time from a very busy schedule to come to our institute where business administration has been taught to students for conducting workshop on “Financial planning and strategies”, and your knowledge is immensely benefited them.

You are a well-known speaker in this field and hence we want our students to learn first-hand experience. Though we wanted the session to be a little longer so that you could discuss your books and progress but your modesty has humbled us and we feel our students have taken benefited from this seminar.

Thank you very much for motivating the students and also for being a good mentor and guide for our institute.

Dear Sir,

I am writing to confirm my participation as the Resource person for the "Workshop on Basic Programming of Python". I am excited to be part of this workshop and to share my expertise and experience in this field with the participants. I confirm the date of the workshop on 04/05/2020 to 15/05/2020 which is to be conducted in online mode.

I understand that the workshop aim is to provide students, the present world is moving over the software developers, for build control & management, testing and also is a part of Engineering. I am confident that the workshop will provide valuable insights into the latest trends, challenges, and innovations in this field, and I look forward to contributing to its success.

I would like to thank you for considering me for this opportunity, and I am looking forward to working with you to make this workshop a success. Please let me know if there are any specific requirements or guidelines that I should keep in mind while preparing for the workshop.

I would also appreciate it if you could provide me with additional details regarding the workshop, such as the agenda, the number of participants, and any other relevant information.

Thank you once again, and I am excited to be a part of this event.

Best regards,

Mr. Mayur S. Wagh
