Activity Report

Title	Electrical Vehicle
Duration	31 Hrs.
Name of Speaker	Mr. Sandip Netke
Designation	Sr.Manager
Objectives	<i>Analyze various electric drives suitable for hybrid electric vehicles. Technologies used for hybrid electric vehicles and their control.</i>
Beneficiary	SE Mechanical Engineering Students
Number of Participants	115
Course Outcome	1. Basics of electric and hybrid electric vehicles, their architecture, technologies and fundamentals 2. Analyse the use of different power electronics devices and electrical machines in hybrid electric vehicles. 3. use of different energy storage devices used for hybrid electric vehicles

Invitation Letter

To,
Mr. Sandeep Netke
Pune,

Subject: Invitation to Conduct Workshop on ' **Electrical Vehicle**'.

Respected sir,

The Department of Mechanical Engineering is pleased to invite you to Conduct workshop on ' **Electrical Vehicle**' on every Saturday in month of September-21. The objective of this session is to convey importance of electrical vehicle. Your experience will definitely helps our students to discover new opportunities in the Foreign university.

We look forward to a positive response from you soon.

Thanking You.

Letter of Thanks

To,

Mr.Sandeep Netke

Dear Sir,

On behalf of Department of Mechanical Engineering, Brahma Valley College of Engineering & Research Institute, Nashik, we would like to extend our heartiest thanks for accepting our invitation for workshop. Your workshop on '**Electrical Vehicle**' will be helpful to our students.

Thank you for your motivation and benefitted valuable guidance. We are expecting similar kind of cooperation in future.

Sincerely,

*received

Activity Report

Title	Non Distrective testing
Duration	34 Hrs.
Name of Speaker	Mr. Shaikh Taha
Designation	Project Manager
Objectives	<i>To inspect a component in a safe, reliable, and cost effective manner without causing damage to the equipment or shutting down plant operations. This is in contrast to destructive testing where the part being tested is damaged or destroyed during the inspection process.</i>
Beneficiary	TE Mechanical Engineering Students
Number of Participants	112
Course Outcome	Student shall be able to find the internal flaws in the material by NDT and take measures to eliminate them. The student shall be able to solve various problems encountered like leakage, cracks, blowholes etc with the manufacturing process by analyzing the data

Subject: Invitation to Conduct Workshop on '**Non Destructive Testing**'.

Respected sir,

The Department of Mechanical Engineering is pleased to invite you to Conduct workshop on '**Non Destructive Testing**' in a month of March-22 . The aim of this session is to give knowledge about Non Conventional machining process and deep learning abot advancement in Inspection to fullfill the industry requirements. Your experience will definitely helps our students to doscover new opportunities in the field of manufaturing.

We look forward to a positive response from you soon.

Thanking You.

Subject: Invitation to Conduct Workshop on '**Industrial Automation**'.

Respected sir,

The Department of Mechanical Engineering is pleased to invite you to Conduct workshop on '**Industrial Automation**' on every Saturday in month of April-22 . The aim of this session is to give knowledge of different innovative techniques used in industry at ground improvement. Your experience will definitely helps our students to discover new opportunities in the field of Automation.

We look forward to a positive response from you soon.

Thanking You.

Online Workshop Report

Title	Design of RCC Structure using STAAD PRO
Duration	32 Hrs. (11 days online mode)
Name of Speaker	Mr. S. D. Kulkarni
Designation	MWR, Retd. Director
Objectives	To increase the awareness regarding various software tools available for the design and analysis of the RCC structures & Steel structures.
Beneficiary	BE Civil Engineering Students
Number of Participants	87
Course outcome	Students can able to increase the awareness regarding various software tools available for the design and analysis of the RCC Structures, Steel Structures.

Subject: Invitation for Online Workshop on "Design of RCC Structure using STAAD PRO".

Respected Sir,

On behalf of Brahma Valley College of Engineering & Research Institute, Nashik, we are very pleased to have the honor of inviting you to conduct Workshop at our institute(online mode) from 04/09/2021 to 15/09/2021. We would like you to speak on '**Design of RCC Structure using STAAD PRO**'. It help student to increase the awareness regarding various software tools available for the design and analysis of the RCC structures & Steel structures. We request you to kindly accept the invitation.

We request you to kindly accept the invitation.

Thanking You

Dear Sir,

I am writing to confirm my participation as the Resource person for the "Workshop on Design of RCC Structure using STAAD PRO". I am excited to be part of this workshop and to share my expertise and experience in the field of RCC Building Design & Analysis using different software with the participants. I confirm the date of the workshop on 04/09/2021 to 15/09/2021 which is to be conducted in online mode.

I understand that the workshop aims to provide students, entrepreneurs, researchers, and investors with a platform to explore the various prospects and opportunities available in the building design sector. I am confident that the workshop will provide valuable insights into the latest trends, challenges, and innovations in this field, and I look forward to contributing to its success.

I would like to thank you for considering me for this opportunity, and I am looking forward to working with you to make this workshop a success. Please let me know if there are any specific requirements or guidelines that I should keep in mind while preparing for the workshop.

I would also appreciate it if you could provide me with additional details regarding the workshop, such as the agenda, the number of participants, and any other relevant information.

Thank you once again, and I am excited to be a part of this event.

Best regards,

Mr. S. D. Kulkarni

Design of RCC Structure using STAAD PRO

Day	Description	Duration (Hrs)
Day-1 (04/09/2021)	Inauguration of Program and Speakers talk about the objectives of the event	1
	Introduction of STAAD Pro & syllabus information	2
Day-2 (06/09/2021)	General awareness of structure • Beams type IS code clause • Dead load , live load analysis & RCC design	3
Day-3 (07/09/2021)	Seismic load analysis • Seismic load analysis theory • Seismic load analysis by using software	3
Day-4 (08/09/2021)	Type of footing • Design of footing on STAAD Foundation	3
Day-5 (09/09/2021)	Wind load analysis • Wind load analysis theory • Wind load analysis by using software	3
Day-6 (11/09/2021)	Shear wall concept • Shear wall design on software	3
Day-7 (13/09/2021)	Steel structure concept	3
Day-8 (14/09/2021)	Load analysis of different structure • Tower load analysis • Truss load analysis • Staircase analysis in STAAD Pro • Slab analysis in STAAD Pro	3

Day-9 (15/09/2021)	Detailing in RCDC • Slab detailing in RCDC • Column Detailing in RCDC • BEAM detailing in RCDC • Volume of concrete find out by using RCDC software • BBB find out by using RCDC software	3
Day-10 (16/09/2021)	Final report generation	3

Dear Sir,

I am writing to confirm my participation as the Resource person for the "Workshop on Structural Detailing". I am excited to be part of this workshop and to share my expertise and experience in the field of Structural Drawing with the participants. I confirm the date of the workshop on 08/01/2022 to 19/01/2022 which is to be conducted in online mode.

I understand that the workshop aims to provide students, entrepreneurs, researchers, and investors with a platform to explore the various prospects and opportunities available in the building design sector. I am confident that the workshop will provide valuable insights into the latest trends, challenges, and innovations in this field, and I look forward to contributing to its success.

I would like to thank you for considering me for this opportunity, and I am looking forward to working with you to make this workshop a success. Please let me know if there are any specific requirements or guidelines that I should keep in mind while preparing for the workshop.

I would also appreciate it if you could provide me with additional details regarding the workshop, such as the agenda, the number of participants, and any other relevant information.

Thank you once again, and I am excited to be a part of this event.

Best regards,

Mr. Sudhir Jadhav

Academic Year	:	2021-22
Class & Semester	:	S.E,T.E,B.E.
Title	:	Workshop on Artificial Intelligence in Power Station
Course Duration	:	30 Hours
Number of Students completing the Certificate Course:138		
Summary Report of the Program with Outcomes:		
On completion of this course : ❖ An overcome of Artificial Intelligence application in power systems. ❖ The artificial neural network. ❖ Development trends of Artificial Intelligence in Electric power system. ❖ Applications and protections of Artificial Intelligence system. ❖ The application of Artificial Intelligence in the system operation control. ❖ Power system relay protection.		
The student can get knowledge on :		
After completing this workshop students get the knowledge on:		
The emerging new technology in the electricity supply system. The progress in communication technology and expansion of IT- related technology, research and development have also been progressing based on the concept of an intelligent system, not on units or equipment, but also the constitution of the system itself.

Subject: Permission for Conducting Certificate Program of 5 days on “Workshop on Artificial Intelligence in Power Station” for 2nd year Electrical Engineering students from 08/11/2021 to 12/11/2021.

Respected Sir,

I am writing to request your permission to conduct an Add-on course on “Workshop on Artificial Intelligence in Power Station” for the students of 2nd year Electrical Engineering. The course will be held from 08/11/2021 to 12/11/2021. Prof. Md. Ikramuddin - Assistant Professor of Electrical Engineering at BVCOE & RI will be the coordinator of this program.

Machine learning and electrical engineering professionals leverage AI to build and optimize system and also provide AI technology with new data inputs for interpretation. The main feature of power system design and planning is reliability, which were conventionally evaluated using deterministic methods. Moreover, conventional techniques don't fulfill the probabilistic essence of power system.

This leads to increase in operating and maintenance costs. Plenty of research is performed to utilize the current interest AI for power system application. A lot of research is yet to be performed to perceive full advantages of this upcoming technology for improving the efficiency market investment, distributed control and monitoring, efficient system analysis, particularly power system which use renewable energy resources for operation.

I believe that the students will benefit from this program. The certificate will be provided by the department to each participant upon completion of the course. Kindly give our request a favorable consideration.

Hopping for early response for this approval.

Thanking you.

Report

Academic Year	:	2021-22
Class & Semester	:	S.E., T.E., B.E
Title	:	Workshop on Smart Grid for Smart Cities – An Indian Perspective
Course Duration	:	30 Hours

Number of Students completing the Certificate Course:138

Summary Report of the Program with Outcomes:

After completing this course, a student will be able to:

- ❖ Understand Smart Grids and Smart Cities can significantly improve the efficiency and quality of complex systems such as electricity, water, waste and transport services, thereby reducing their costs while contributing to the “green economy”.
- ❖ More efficient transmission of electricity. Quicker restoration of electricity after power disturbances. Reduced operations and management costs for utilities, and ultimately lower power costs for consumers.

The student can get knowledge on :

- ❖ How smart grid for smart cities can More efficiently transmit electricity , Quicker restoration of electricity after power disturbances also reduced operations and management costs for utilities, and ultimately lower power costs for consumers.

To,
The Principal
Brahma Valley College of Engineering
& Research Institute, Nashik

Subject: Proposal to get permission to conduct 5 days certification course on “Workshop on Smart Grid for Smart Cities – An Indian Perspective” in our campus of our 2nd, 3rd and 4th year Electrical Engineering students from 07/03/2022 to 11/03/2022.

Respected Sir,

We are going to organised a certification course on “Workshop on Smart Grid for Smart Cities – An Indian Perspective” for our 2nd, 3rd and 4th year Electrical Engineering students 07/03/2022 to 11/03/2022.

In a smart city, energy, water, transportation, public health and safety, and other key services are managed in concert to support smooth operation of critical infrastructure while providing for a clean, economic and safe environment in which to live, work and play. Timely logistics information will be gathered and supplied to the public by all means available, but particularly through social media networks. Conservation, efficiency and safety will all be greatly enhanced.

Smart cities depend on a smart grid to ensure resilient delivery of energy to supply their many functions, present opportunities for conservation, improve efficiencies and, most importantly, enable coordination between urban officialdom, infrastructure operators, those responsible for public safety and the public

For the same we request you to consider our request and grant permission to conduct the above said program. Hoping for early response for this aproval.

Thanking you.

Subject: Thank you Letter for conducting online workshop on “Sales:World full of opportunities and challenges”

Hello Sir/Madam,

We are really grateful that you yourself took time from a very busy schedule to come to our institute where business administration has been taught to students for conducting workshop on “Sales:World full of opportunities and challenges”, and your knowledge is immensely benefited them.

You are a well-known speaker in this field and hence we want our students to learn first-hand experience. Though we wanted the session to be a little longer so that you could discuss your books and progress but your modesty has humbled us and we feel our students have taken benefited from this seminar.

Thank you very much for motivating the students and also for being a good mentor and guide for our institute.

Letter of Thanks

To,

Mrs. Vinita Kulkarni,

Branch Executive,

Premier India Bearing Ltd.

Subject: Thank you Letter for conducting online workshop on “Brand management: a peek into today’s scenario and opportunities during the pandemic”.

Hello Sir/Madam,

We are really grateful that you yourself took time from a very busy schedule to come to our institute where business administration has been taught to students for conducting workshop on “Brand management: a peek into today’s scenario and opportunities during the pandemic”, and your knowledge is immensely benefited them.

You are a well-known speaker in this field and hence we want our students to learn first-hand experience. Though we wanted the session to be a little longer so that you could discuss your books and progress but your modesty has humbled us and we feel our students have taken benefited from this seminar.

Thank you very much for motivating the students and also for being a good mentor and guide for our institute.

Regards

Dear Sir,

I am writing to confirm my participation as the Resource person for the "Workshop on Train the Brain and be an IAS / IES ". I am excited to be part of this workshop and to share my expertise and experience in this field with the participants. I confirm the date of the workshop on 23/05/2022 to 31/05/2022 which is to be conducted in online mode.

I understand that the workshop aim is to provide students, the present world is moving over the software developers, for build control & management, testing and also is a part of Engineering. I am confident that the workshop will provide valuable insights into the latest trends, challenges, and innovations in this field, and I look forward to contributing to its success.

I would like to thank you for considering me for this opportunity, and I am looking forward to working with you to make this workshop a success. Please let me know if there are any specific requirements or guidelines that I should keep in mind while preparing for the workshop.

I would also appreciate it if you could provide me with additional details regarding the workshop, such as the agenda, the number of participants, and any other relevant information.

Thank you once again, and I am excited to be a part of this event.

Best regards,

Mr. Vibhor Ramesh Bothe
