Department of Mechanical Engineering

Activity Report

Title	Emerging trends in HVAC
Duration	34 Hrs.
Name of Speaker	Mr. Shreyas Kulkarni
Designation	Director, Shreyas Technologies
Objectives	• Study of various refrigeration cycles and evaluate performance • Understand the basic air conditioning processes on psychometric charts, calculate cooling load • Study of the various equipment
Beneficiary	TE Mechanical Engineering Students
Number of Participants	84
Course Outcome	• Applications of refrigeration and air conditioning system • Vapor compression refrigeration systems. • applications and environmental issues of different refrigerants

Invitation Letter

To,
Mr. Shreyas Kulkarni
Director,
Shreyas technologies,
Nashik

Subject: Invitation to Conduct Workshop on **'Emerging Trends in HVAC'**.

Respected sir,

The Department of Mechanical Engineering is pleased to invite you to Conduct workshop on **'Emerging Trends in HVAC'** on every Saturday in month of September-18. The aim of this session is to give knowledge of different innovative techniques and softwares used in industry at ground improvement. Your experience will definitely helps our students to discover new opportunities in the field of Automation.

We look forward to a positive response from you soon.

Thanking You.

With Regards

Rajaram Pangavhane
Received.

Notice

All the third year Mechanical Engineering Students are hereby informed that the Workshop is organized on 'Emerging trends in HVAC' having an **Mr. Shreyas Kulkarni** from **Shreyas Technologies** will be conducted every Saturday in month of **Sept.** our college. The session shall be conducted in Class room . hence all third year students are informed to attend the same.

Department of Mechanical Engineering

Workshop on Emerging trends in HVAC

Syllabus

1. Introduction to HVAC
2. Basic Components of Air-Conditioning and Refrigeration machines
3. Classification of Air-Conditioning System
4. Study of Psychometric Charts
5. Various Processes & Load Calculations
6. Air Distribution System, Hydronic System
7. VRF/VRV System
8. Ventilation systems
9. Fire Protection (Awareness)
10. HVAC software's

Letter of Thanks

To,

Mr. Shreyas Kulkarni

Director,

Shreyas Technologies,

Nashik

Dear Sir,

On behalf of Department of Mechanical Engineering, Brahma Valley College of Engineering & Research Institute, Nashik, we would like to extend our heartiest thanks for accepting our invitation for workshop. Your workshop on '**Emerging trends in HVAC**' will be helpful to our students.

Thank you for your motivation and benefitted valuable guidance. We are expecting similar kind of cooperation in future.

Sincerely,

Rajaram Pangavhane

About BVCOE&RI

Brahma Valley Educational Campus is located in the outskirts of Anjaneri, (Trimbakeshwar, High-Way Nashik) comprising a sprawling campus of about 35 acres land. Our campus is situated in the valley surrounded by hills & reflects the beauty of nature. This place is also known as the birth place of Lord Hanuman and is close to Trimbakeshwar Temple which is one of the 12 Jyotirlingas of Lord Shiva which adds to the holiness and beauty of this area.

About Department

Mechanical Engineering is the biggest department of the institute with student strength around 350 and sanctioned intake is 120. The department has well qualified and dedicated faculty and is known for his academic standards. The department has center of excellence in the field of Computer Aided Design & Computer Aided Manufacturing (CAD/CAM) with latest design & analysis software. The department is contributing its best to train the brains and with the aid of well qualified and experience faculty and ultra modern laboratories.

Department of Mechanical Engineering

Activity Report

Title	Robotics
Duration	30 Hrs.
Name of Speaker	Mr. Vishnu Kale
Designation	Professor, KKWCOE &RI
Objectives	• Understand robot configuration, structures, basic components, workspace and generations of robots. Get acquainted with performing spatial transformations and solve kinematics of the robot • Get knowledge and analysis skills associated with trajectory planning • Learn about various sensors, actuators, robot programming • Understand the present & future applications of a robot.
Beneficiary	SE Mechanical Engineering Students
Number of Participants	78
Course Outcome	Students will be able to, 1. Demonstrate knowledge of industrial robots, characteristics, end effectors and actuators. 2. Apply spatial transformation to obtain forward and inverse kinematics 3. Solve robot dynamics problems, generate joint trajectory for path planning 4. Describe working principle of various sensors and program different operations 5. Appreciate applications of robots in industry

Invitation Letter

To,
Mr. Vishnu Kale
Professor,
K.K.Wagh college of Engineering,
Nashik.

Subject: Invitation to Conduct Workshop on 'Robotics'.

Respected sir,

The Department of Mechanical Engineering is pleased to invite you to Conduct workshop on 'Robotics' in every Saturday and Sunday in month of February-19. The aim of this session is to give knowledge about preparation of robot and deep learning to fulfill the industry requirements. Your experience will definitely helps our students to discover new opportunities in the field of Data Science.

We request you to kindly accept the invitation.

Thanking You.

With Regards,

HOD

Workshop on Robotics

Syllabus

1.	Introduction & Actuators and Drives
2.	Control Components
3.	Embedded Robot Controller, I/O Interface
4.	Controller Software and Sensor Inputs
5.	Implement Basic Sensor-based Controls
6.	Kinematics & Prototype Implementation
7.	End-effector Design
8.	Legged Robots, Multi-fingered Hands
9.	Dynamics
10.	Computer Vision
11.	Navigation & Testing

To,

Mr. Vishnu Kale

Professor,

K.K. Wagh college of Engineering,

Nashik

Dear Sir,

On behalf of Department of Civil Engineering, Brahma Valley College of Engineering & Research Institute, Nashik, we would like to extend our heartiest thanks for accepting our invitation for workshop. Your workshop on '**Robotics**' will be helpful to our students.

Thank you for your motivation and benefitted valuable guidance. We are expecting similar kind of cooperation in future.

Sincerely,

V.K. Kale

About BVCOE&RI

Brahma Valley Educational Campus is located in the outskirts of Anjaneri, (Trimbakeshwar High-Way Nashik) comprising a sprawling campus of about 35 acres land. Our campus is situated in the valley surrounded by hills & reflects the beauty of nature. This place is also known as the birth place of Lord Hanuman and is close to Trimbakeshwar Temple which is one of the 12 Jyotirlingas of Lord Shiva which adds to the holiness and beauty of this area.

About Department

Mechanical Engineering is the biggest department of the institute with student strength around 350 and sanctioned intake is 120. The department has well qualified and dedicated faculty and is known for his academic standards. The department has center of excellence in the field of Computer Aided Design & Computer Aided Manufacturing (CAD/CAM) with latest design & analysis software. The department is contributing its best to train the brains and with the aid of well qualified and experience faculty and ultra- modern laboratories.

Subject: Request to grant the permission to organize one week workshop on "Web Development Based on PHP."

Respected Sir,

With reference to above cited subject, **Third Year & Last Year** Students are need to aware the importance of the "Web Development Based on PHP" for the future prespective which will help them in their proper way of the documneation and acquire project related skillsets.

So we need to conduct one week program on "Web Development Based on PHP" on every **Saturday & Sunday of The Month of August 2018 – Starting from 4th August 2018**

We request you kindly give the permission for the same.

Invitation Letter

To,
CAD Institute,
Nashik

Subject: Invitation to conduct a Workshop on "Web Development Based on PHP."

Respected sir,

On behalf of Brahma Valley College of Engineering & Research Institute, Nashik, we are very pleased to have the honor of inviting you to conduct a workshop at our institute. We would like you to speak on "Web Development Based on PHP". The main objective of the workshop is to implant importance and necessity of Web Development using PHP to learn modern website development.

We have arranged the workshop on **Saturday & Sunday of The Month of August 2018 – Starting from 4th August 2018** at 10:00 a.m. We are expecting an audience of approximately 30 students and faculty from the Computer and Other Engineering Department.

We request you to kindly accept the invitation.

Thanking You

With Regards,

Mr. Vishnu Nair

ACTIVITY REPORT

Sr. No	Description	A.Y. 2018-19
1	Title of Activity	Web Development Based on PHP
2	Date & Venue	Starting from 4 th August 2018
3	Outcomes of Activity	Php Language Basics, Functions, File Programming bibliographies and indexes
4	Description of Activity	This course covers the Web Development using PHP Language
5	Objective	While successfully completing this course, the learner will be able to: 1. → Do programming using PHP. 2. → Create simple web applications in one tier.
6	Assessment of activity Outcome	Very useful and helpful
7	Feedback	Very Good

Letter of Thanks

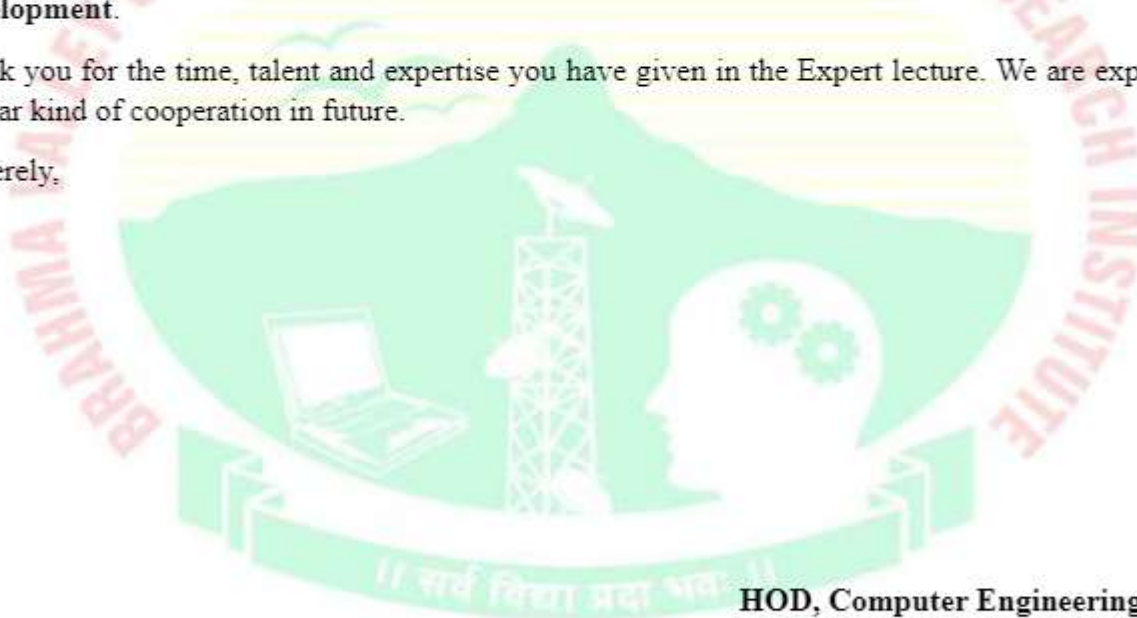

To,
CAD Institute,
Nashik.

Dear Sir,

On behalf of Department of Computer Engineering Department, Brahma Valley College of Engineering & Research Institute, Nashik, we would like to extend our heartiest thanks for accepting our invitation for Workshop Conduction and addressing our students on **Saturday & Sunday of The Month of August 2018 – Starting from 4th August 2018**. Company Workshop on 'Web Development Based on PHP' will be helpful to our students to understand the PHP Web Development.

Thank you for the time, talent and expertise you have given in the Expert lecture. We are expecting similar kind of cooperation in future.

Sincerely,

HOD, Computer Engineering

Students Feedback Form

Program Name: web development based on php.

Sr.No	Description	Excellent	Very Good	Good	Adequate
A.	Content				
1.	The Expert lecture is met its stated aims & objectives.			✓	
2.	Well Organized.		✓		
3.	The lecture was well paced within the allotted time.	✓			
4.	Effective activities.		✓		
5.	Useful visual aids and hands-outs.		✓		
B.	Presentation				
1.	Instructor's knowledge	✓			
2.	Instructor's presentation style		✓		
3.	Instructor's covered material clearly		✓		
4.	Instructor's responded well to questions		✓		
5.	Instructor's interactions among participants			✓	
C.	Overall, how would you rate this Expert lecture		✓

Workshop Report

Title	ETABS for High rise building designing and analysis of structure
Duration	36 Hrs.
Name of Speaker	Mr. Durgesh Neve
Designation	ME (Structural Engineering)
Objectives	Students can make powerful structures within a fraction of seconds without making any unnecessary investments
Beneficiary	SE & TE Civil Engineering Students
Number of Participants	104
Course Outcome	Student will able • To understand seismic design concepts. • To design of RCC member elements with reference to IS 13920.

Invitation Letter

To,
Mr. Durgesh Neve
ME (Structural Engineering)

Subject: Invitation for Workshop on **ETABS for High rise building designing and analysis of structure.**

Respected sir,

On behalf of Brahma Valley College of Engineering & Research Institute, Nashik, we are very pleased to have the honor of inviting you to conduct Workshop at our institute from 04/08/2018. We would like you to speak on '**ETABS for High rise building designing and analysis of structure**'. The main objective of the workshop is they can make powerful structures within a fraction of seconds without making any unnecessary investments. ETAB's software is developed for civil engineers to generate highly efficient and cost-effective design models

We request you to kindly accept the invitation.

Thanking You

With Regards,

o/c

CIRCULAR

All the SE & TE Civil Engineering Students are hereby informed the workshop is arranged to enhance the knowledge on the 'ETABS for High rise building designing and analysis of structure' as schedule from 04/08/2018 all the interested students can attend the programme and avail the opportunity. The schedule is attached.

Course Coordinator

HOD, Civil Engineering

Head of Department
Civil Engineering Department
Brahma Valley College of Engg & R.
Anjaneri, Nashik- 422 213

ETABS for High rise building designing and analysis of structure

1. Introduction to structural analysis and design, overview of ETABS software, introduction to menus and icons.
2. Modeling Tools: Geometry creation process; modeling through grids and import (2D & 3D).
3. Property assignment-line and area elements; loadings- dead, live, wind, earthquake, temperature loads.
4. Releases, supports, diaphragms and all definition parameters; checking of model techniques, advanced modeling options.
5. Advanced modeling, editing and Importing Tools
6. Gravity Analysis: 2D & 3D analysis, checking for warnings and errors, post processing options, interpretation of results.
7. Meshing Techniques : Dealing with irregular structures, Auto and Manual Meshing Techniques Design Aspects: Design of frame elements and interpretation of results.
8. Analysis and design of shear wall system. An Example of analysis of Flat Slab Structure.
9. Advanced Analysis Methods in ETABS: Response spectrum, Time History and Pushover Analysis. Result interpretation and Plotting. Introduction to construction sequence analysis and P-Delta analysis.

To,

Mr. Durgesh Neve

ME (Structural Engineering)

Dear Sir,

On behalf of Department of Civil Engineering, Brahma Valley College of Engineering & Research Institute, Nashik, we would like to extend our heartiest thanks for accepting our invitation for workshop. Your workshop on '**ETABS for High rise building designing and analysis of structure**' from 04/08/2018 will be helpful to our students.

Thank you for your motivation and benefitted valuable guidance. We are expecting similar kind of cooperation in future.

Sincerely,

olc

Workshop Report

Title	Design & Analysis of Hydraulic structures
Duration	30 Hrs.
Name of Speaker	Prof. K.K.Tolani
Designation	Assistant Professor (M.Tech Structural Engg.)
Objectives	To demonstrate and understanding of advanced fluid mechanics principles
Beneficiary	TE & BE Civil Engineering Students
Number of Participants	96
Course Outcome	Student will able • To integrate relevant concept and methodologies in the area of hydraulics, hydrology and geotechnical engineering. • To select the type of dam, design and to construct.

Invitation Letter

To,
Prof. K.K.Tolani
Assistant Professor
(M.Tech Structural Engg.)

Subject: Invitation for Workshop on **Design & Analysis of Hydraulic structures**

Respected sir,

On behalf of Brahma Valley College of Engineering & Research Institute, Nashik, we are very pleased to have the honor of inviting you to conduct Workshop at our institute. We would like you to speak on '**Design & Analysis of Hydraulic structures**' from 12/01/2019. The main objective of the workshop is to demonstrate and understanding of advanced fluid mechanics principles. To get a knowledge of various types of dam & understand the different elements of dam.

We request you to kindly accept the invitation.

Thanking You

With Regards,

O/c

NOTICE

All the TE & BE Civil Engineering Students are hereby informed the workshop is arranged to enhance the knowledge on the 'Design & Analysis of Hydraulic structures' as schedule from 12/01/2019. all the interested students can attend the programme and avail the opportunity. The schedule is attached.

HOD, Civil Engineering
Head of Department
Civil Engineering Department
Brahma Valley College of Engg & R. I
Anjaneri, Nashik- 422 213

Design & Analysis of Hydraulic structures

1. Gravity Dams: Introduction, forces acting on dam, cause of failure, design principles, principal and shear stresses.
2. Elementary profile and practical profile of a gravity dam. Drainage galleries, joints in gravity dams.
3. Earth Dams: Introduction, causes of failure of earth dams, preliminary section.
4. Determination of parametric line by Casagrande's method. Estimation of seepage.
5. Cross Drainage Works: Introduction, Type of C.D works,.
6. Design considerations for C.D. works..
7. Transition formula design of protection works, Design of only aqueduct.
8. Canal Regulation Works: Introduction, Function of a regulator.
9. Canal falls: Necessity and types. Canal outlets: Necessity and types.

Letter of Thanks

To,

Prof. K.K.Tolani

Assistant Professor

(M.Tech Structural Engg.)

Dear Sir,

On behalf of Department of Civil Engineering, Brahma Valley College of Engineering & Research Institute, Nashik, we would like to extend our heartiest thanks for accepting our invitation for workshop. Your workshop on '**Design & Analysis of Hydraulic structures**' from 12/01/2019 will be helpful to our students.

Thank you for your motivation and benefitted valuable guidance. We are expecting similar kind of cooperation in future.

Sincerely,

O/c

Rajaram Pangavhane

Department of Electrical Engineering

Report

Academic Year	:	2018-19
Class & Semester	:	S.E,T.E.& B.E.
Title	:	LaTeX Software: A Scientific Documentation
Course Duration	:	30hrs

Number of Students completing the Certificate Course:72

Summary Report of the Program with Outcomes:

Students will be able to learn:

- Typesetting of complex mathematical formulae using LaTeX. Use tabular and array environments within LaTeX.
- Use various methods to either create or import graphics into a LaTeX document.
- Typesetting of journal articles, technical reports, and thesis, books, and slide presentations.
- Automatic generation of table of contents, bibliographies and indexes.

The student can get knowledge on :

After going through the various sessions, participants would be able to:

- Install Typesetting software's like MiKTeX and WinEdit.
- Write text for various documents like research paper, thesis, book, poster, slides and presentation.
- Write various type of Mathematical formulae, equations, matrix etc. Create Tables, Lists and Arrays
- Use Graphics and Pictures, Prepare Journal papers
- Create Bibliography Create slides with Beamer
- Create poster for presentation in conferences

Report

Academic Year	:	2018-19
Class & Semester	:	S.E., T.E., B.E
Title	:	Development of Superconducting Rotating Machine
Course Duration	:	30 Hours
Number of Students completing the Certificate Course:72		

Summary Report of the Program with Outcomes:

- ❖ HTS wire status.
- ❖ Super machine topology.
- ❖ Super generator
- ❖ Super drive for ship propulsion.
- ❖ Industrial super motors.
- ❖ The development of oxide superconducting wires and bulks, has found applications in superconducting electric motors (mainly synchronous ones), the structures of which are very similar to the generation.

The student can get knowledge on :

- ❖ Advances in high temperature superconductors (HTS) are enabling a new class of synchronous rotating machines (super motors and super generators) that can generically be categorized as super machines. Compared to conventional machines of equivalent rating, these super machines are expected to be less expensive, lighter, more compact, efficient, and provide significantly superior in a power system.

Department of Electrical Engineering

To,
The Principal
Brahma Valley College of Engineering
& Research Institute, Nashik

Respected Sir,

Subject: Proposal to get permission to conduct 5 days certification course on “**Development of Superconducting Rotating Machine**” in our campus of our 2nd, 3rd and 4th year Electrical Engineering students from 16/07/2018 to 20/07/2018.

I am writing to request permission for conducting Add on workshop on “**Development of Superconducting Rotating Machine**” in our Electrical department for our 2nd, 3rd and 4th year Electrical Engineering students from 16/07/2018 to 20/07/2018.

Superconducting homo-polar DC machines that used low temperature superconductors may have found the first practical applications in superconducting rotating machines, however, it cannot be said with certainty, given their use in secretive war ships. Superconducting synchronous generators cooled by liquid helium are well developed, particularly by the Super-GM project in Japan.

The fundamental subjects in the design, manufacture, operation, control and performance in power system. The development of oxide superconducting wires and bulks, has found applications in superconducting electric motors (mainly synchronous ones), the structures of which are very similar to the generators.

In this connection we request you to consider our request and grant permission to conduct the above said program. Hoping for early response for this aproval.

Thanking you,

Resource Person: **Mr. Amol A. Borkar**

Honorarium: **Rs.10000/-**

Your's Faithfully

Priyanka Javale
Course Coordinator

Subject: Invitation for Workshop on “Development of Superconducting Rotating Machine”.

Respected sir,

On behalf of Brahma Valley College of Engineering & Research Institute, Nashik, we are very pleased to have the honor of inviting you to conduct Workshop at our institute. We would like you to speak on “Development of Superconducting Rotating Machine”. The main objective of the course is to implant importance and necessity of workshop for development.

We request you to kindly accept the invitation.

Thanking You

With Regards,

HOD Electrical Engineering

CIRCULAR

All the staff and students of Electrical Engineering are hereby informed that the a 5- days workshop is arranged to enhance the knowledge on “**Development of Superconducting Rotating Machine**”, as the schedule form **16/07/2018 to 20/07/2018**. all the interested students can attend the program utilize the opportunity. The schedule is attached.

ADD ON CERTIFICATE COURSE ON "Development of Superconducting Rotating Machine"

16th July 2018- To 20th July 2018

FEEDBACK FORM

Student Name: Solanki Devendrasingh Branch/Year: BE Electrical

Complete the Evaluation for the Add on Course on "Development of Superconducting Rotating Machine". Your feedback is valuable for us.

Criteria	Excellent (4)	Very Good (3)	Good (2)	Average (1)
Add on course was relevant to your need		✓		
Provided material is helpful	✓			
Duration of the Add on Course is sufficient		✓		
Is it encouraged		✓		
The presenter's presentation was effective			✓	

1. What did you enjoy most during the Add on course?

From this course we understood the progress in development of Superconducting Rotating Machine.

2. How will you implement this into your academics?

I want to implement this knowledge in my seminar study.

Any Suggestions:

For this presentation we get much knowledge

Thank you for taking the time to help us to improve our training.

ADD ON CERTIFICATE COURSE ON "Development of Superconducting Rotating Machine"

16th July 2018- To 20th July 2018

FEEDBACK FORM

Student Name: SANAP Balaji valmik Branch/Year: SE Electrical

Complete the Evaluation for the Add on Course on "Development of Superconducting Rotating Machine". Your feedback is valuable for us.

Criteria	Excellent (4)	Very Good (3)	Good (2)	Average (1)
Add on course was relevant to your need	✓			
Provided material is helpful		✓		
Duration of the Add on Course is sufficient		✓		
Is it encouraged	✓			
The presenter's presentation was effective		✓		

1. What did you enjoy most during the Add on course?

From this course we learn the new techniques and process of superconducting rotating machine.

2. How will you implement this into your academics?

I want to implement this knowledge in my future project/seminar work.

Any Suggestions:

Such type of workshops should be conducted in future also.

Thank you for taking the time to help us to improve our training.

Department of Electrical Engineering Report

Academic Year	:	2018-19
Class & Semester	:	S.E., T.E. & B.E.
Title	:	MATLAB Applications in Electrical Engineering
Course Duration	:	30 Hours

Number of Students completing the Certificate Course:72

Summary Report of the Program with Outcomes: By the end of this course, students should be able to

- ❖ Use MATLAB effectively to analyze and visualize data.
- ❖ Apply numeric techniques and computer simulations to solve engineering-related problems.
- ❖ Apply a top-down, modular, and systematic approach to design, write, test, and debug Sequential MATLAB programs to achieve computational objectives.
- ❖ Design and document computer programs and analyses in a careful and complete manner so as to effectively communicate results, to facilitate evaluation and debugging by another Programmer, and to anticipate and resolve user errors.
- ❖ Demonstrate understanding and use of fundamental data structures (classes).
- ❖ Create and control simple plot and user-interface graphics objects in MATLAB.

The student can get knowledge on :

- ❖ Schematic design on MATLAB
- ❖ Design and document computer programs and analyses in a careful and complete manner so As to effectively communicate results.
- ❖ Create and control simple plot and user-interface graphics objects in MATLAB.

Department of Electrical Engineering

To,
The Principal
Brahma Valley College of Engineering
& Research Institute, Nashik

Subject: Requisition to get permission to conduct certification course on "MATLAB Applications in Electrical Engineering" in our campus of our 2nd, 3rd and 4th year Electrical Engineering students from 25/03/2019 to 29/03/2019.

Respected Sir,

It is our privilege to inform you that we Electrical Department is planning to conduct a certification course on "MATLAB Applications in Electrical Engineering" for our 2nd, 3rd and 4th year Electrical Engineering students from 25/03/2019 to 29/03/2019.

MATLAB is a high-performance language for technical computing. It integrates computation, visualization, and programming environment. Furthermore, MATLAB is a modern programming language environment: it has sophisticated data structures, contains built-in editing and debugging tools, and supports object-oriented programming. These factors make MATLAB an excellent tool for teaching and research. In this MATLAB workshop, students will learn how to declare variables and functions and perform mathematical operations to work with data without any hustle. Later, students will be introduced to the MATLAB application of linear algebra.

In this connection we request you to consider our request and grant permission to conduct the above said program. Hoping for early response for this approval.

Thanking you.

Resource Person: Mr. Nitin Kanse

Honorarium: Rs.10000/-

Department of Electrical Engineering

Schedule of MATLAB Applications in Electrical Engineering:

Day	Topic covered	Objectives	Faculty	Time
Day 1	1. Introduction of MATLAB		Mr.Nintin Kanse	10:00am to 12:00pm
	2. Basics of MATLAB and Basics of MATLAB simulink	Become familiar with the main features of the MATLAB integrated design environment and its user interfaces. Get an overview of course themes • Reading data from files • Saving and loading variables • Plotting data • Customizing plots • Exporting graphics for use in other applications	Mr.Nintin Kanse	1:00pm To 5:00pm
Day 2	1. Variables and Commands	Enter MATLAB commands, with an emphasis on creating variables, accessing and manipulating data in variables, and creating basic visualizations. Collect MATLAB commands into scripts for ease of reproduction and experimentation • Entering commands • Creating numeric and character variables • Making and annotating plots • Getting help • Creating and running live scripts	Mr.Nintin Kanse	10:00am To 12:00pm

Unipune College Code - Engg. - 62, MBA - 1230

Day 4	1. Conditional Data Selection	Extract and analyze subsets of data that satisfy given criteria. - Logical operations and variables - Finding and counting - Logical indexing	Mr.Nintin Kanse	10:00am to 12:00pm
	2. Organizing Data	Organize table data for analysis. Represent data using appropriate native MATLAB data types. - Combining tables of data - Table metadata - Dates and durations Discrete categories	Mr.Nintin Kanse	1:00pm to 5:00pm
Day 5	1. Analyzing Data	Perform typical data analysis tasks in MATLAB, including importing data from files, preprocessing data, fitting a model to data, and creating a customized visualization of the model. - Importing from spreadsheets and delimited text files - Dealing with missing data - Plotting functions - Customizing plots	Mr.Nintin Kanse	10:00am to 12:00pm
	2. Increasing Automation with Programming Constructs	Create flexible code that can interact with the user, make decisions, and adapt to different situations. - Programming constructs - User interaction	Mr.Nintin Kanse	1:00pm to 3:00pm

Department of Electrical Engineering

ADD ON CERTIFICATE COURSE ON "MATLAB Applications in Electrical Engineering"

25th March 2019- To 29th March 2019

FEEDBACK FORM

Student Name: Debhade Viraj Vijay Branch/Year: S.E. (Electrical)

Complete the Evaluation for the Add on Course on "MATLAB Applications in Electrical Engineering".
Your feedback is valuable for us.

Criteria	Excellent (4)	Very Good (3)	Good (2)	Average (1)
Add on course was relevant to your need	✓			
Provided material is helpful		✓		
Duration of the Add on Course is sufficient	✓			
Is it encouraged		✓		
The presenter's presentation was effective	✓	✓		

1. What did you enjoy most during the Add on course?

I enjoy the most is knowledge which I
get from the speaker about MATLAB.

2. How will you implement this into your academics?

I can implement this knowledge in my
Project/seminar work.

Any Suggestions:

This type of workshop should be conducted in
future also.

Thank you for taking the time to help us to improve our training.

Resource Person

Mr. Amit Gore
Director,

About College

BVCOE&RI, was established in 2008. BVCOE&RI offer our students diverse range of course in latest technologies. We also run the traditional degree programs in Civil, Computer, Electrical and Mechanical Engineering. The Institute has established Institute - Industry Partnership Excellence Centre with reputed Industries for Skill Development and producing highly employable students. The Institution has highly qualified and dynamic faculty members, state-of-the-art laboratories, workshop & Hostel Facilities.

About the Department

Highly qualified, dedicated faculty members provide the best Academic and Research ambience in the Department. It has the state-of-the-art laboratories and infrastructure to cater to needs of curriculum, research as well as consultancy activities.

The study of management focuses on how organization members develop and use strategies, structures, and the accompanying social, political, economic, and technical processes needed to compete in national and global markets.

Vision

To become a leading Centre of excellence in the field of Management which will be highly recognized at National and International levels as well as contributing to the technology for the sustainable development of the nation.

Mission

To achieve a nationally recognized, student-centered, industry-oriented, construction program that prepares graduates to become outstanding future leaders, well versed in relevant management practices, current construction techniques and in the conduct of applied research.

Department of Master of Business Administration

Syllabus of “Skill Development: what makes a good leader?”

1. Introduction of Skill Development.

Letter of Thanks

To,

Mr. Amit Gore

Director,

Akshay Study Abroad.

Subject: Thank you Letter for conducting workshop on "Skill Development: what makes a good leader?"

Hello Sir/Madam,

We are really grateful that you yourself took time from a very busy schedule to come to our institute where business administration has been taught to students for conducting workshop on "Skill Development: what makes a good leader?", and your knowledge is immensely benefited them.

You are a well-known speaker in this field and hence we want our students to learn first-hand experience. Though we wanted the session to be a little longer so that you could discuss your books and progress but your modesty has humbled us and we feel our students have taken benefited from this seminar.

Thank you very much for motivating the students and also for being a good mentor and guide for our institute.

Regards

Head of the Department
