Activity Report

Title	Emerging trends in HVAC
Duration	34 Hrs.
Name of Speaker	Mr. Shreyas Kulkarni
Designation	Director, Shreyas Technologies
Objectives	• Study of various refrigeration cycles and evaluate performance • Understand the basic air conditioning processes on psychometric charts, calculate cooling load
Beneficiary	TE Mechanical Engineering Students
Number of Participants	155
Course Outcome	• Applications of refrigeration and air conditioning system • Vapour compression refrigeration systems. • applications and environmental issues of different refrigerants

Invitation Letter

To,
Mr. Shreyas Kulkarni
Director,
Shreyas technologies,
Nashik

Subject: Invitation to Conduct Workshop on **'Emerging Trends in HVAC'**.

Respected sir,

The Department of Mechanical Engineering is pleased to invite you to Conduct workshop on **'Emerging Trends in HVAC'** in month of March-21. The aim of this session is to give knowledge of different innovative techniques and softwares used in industry at ground improvement. Your experience will definitely helps our students to discover new opportunities in the field of Automation.

We look forward to a positive response from you soon.

Thanking You.

With Regards

Received

Subject: Invitation to Conduct Workshop on 'Industry 4.0'.

Respected sir,

The Department of Mechanical Engineering is pleased to invite you to Conduct workshop on 'Industry 4.0' in a month of April-21. The aim of this session is to give knowledge about Non Conventional machining process and deep learning about advancement in Inspection to fulfill the industry requirements. Your experience will definitely help our students to discover new opportunities in the field of manufacturing.

We look forward to a positive response from you soon.

Thanking You.

Subject: Invitation to Conduct Workshop on 'Introduction to AIML'.

Respected sir,

The Department of Mechanical Engineering is pleased to invite you to Conduct workshop on 'Introduction to AIML' on in month of October.-21 . The aim of this session is to give knowledge about machine learning and deep learning to fulfill the industry requirements. Your experience will definitely helps our students to discover new opportunities in the field of Data Science.

We request you to kindly accept the invitation.

Thanking You.

Respected Sir,

With reference to above cited subject, **Third Year & Last Year** Students are need to aware the importance of the "**Artificial Intelligence and Machine Learning**" for the future prespective which will help them in their proper way of the modern programming, new platform and acquire future ready skillsets.

So we need to conduct one online program on "**Artificial Intelligence and Machine Learning**" on starting from **15th February 2021** on daily basis **3Hrs per Day** at time **11:00 AM** using **Zoom/Google Meeting**.

We request you kindly give the permission for the same.

Workshop On Artificial Intelligence and Machine Learning for T.E. & B.E.

Syllabus Cum Day Wise Schedule

Day	CONTENT	INSTRUCTIONAL HOURS
1	Introduction : Definition of learning systems. Goals and applications of machine learning. Aspects of developing a learning system: training data, concept representation, function approximation. Inductive Classification : The concept learning task. Concept learning as search through a hypothesis space. General-to-specific ordering of hypotheses.	03 Hrs
2	Decision Tree Learning: Representing concepts as decision trees. Recursive induction of decision trees. Picking the best splitting attribute: entropy and information gain. Searching for simple trees and computational complexity. Occam's razor. Overfitting, noisy data, and pruning. Ensemble Learning :Using committees of multiple hypotheses. Bagging, boosting, and DECORATE. Active learning with ensembles.	03 Hrs
3	Experimental Evaluation of Learning Algorithms: Measuring the accuracy of learned hypotheses. Comparing learning algorithms: cross-validation, learning curves, and statistical hypothesis testing. Computational Learning Theory: Models of learnability: learning in the limit; probably approximately correct (PAC) learning. Sample complexity: quantifying the number of examples needed to PAC learn.	03 Hrs
4	Rule Learning: Propositional and First-Order : Translating decision trees into rules. Heuristic rule induction using separate and conquer and information gain.	03 Hrs

Subject: Invitation to conduct a Workshop on **"Artificial Intelligence and Machine Learning."**

Respected sir,

On behalf of Brahma Valley College of Engineering & Research Institute, Nashik, we are very pleased to have the honor of inviting you to conduct a workshop at our institute. We would like you to speak on **"Artificial Intelligence and Machine Learning"**. The main objective of the workshop is to implant importance and necessity of **'Artificial Intelligence and Machine Learning'** in all aspects considering the current market trends.

We have arranged the workshop on **15th February 2021 on daily basis 3Hrs per Day at time 11:00 AM using Zoom/Google Meeting**. We are expecting an audience of approximately 30 students and faculty from the Computer and Other Engineering Department.

We request you to kindly accept the invitation.

Sr. No	Description	A.Y. 2020-21
1	Title of Activity	Artificial Intelligence and Machine Learning
2	Date & Venue	Starting from 15th February 2021 on daily basis
3	Outcomes of Activity	• Hand on practical Session on Artificial Intelligence and Machine Learning. • After this activity students will be able to understand the importance of AI&ML and Enhanced their knowledge. • Better Job Opportunities.
4	Description of Activity	An workshop as carried out to understand the subject importance and prepare student for upcoming market trends
5	Objective	Build skills to develop software applications in such specialized areas of Artificial Intelligence & Machine Learning. Focus on exploring supervised, unsupervised and reinforcement learning and apply them to a range of AI problems
6	Assessment of activity Outcome	Better Understand the Subject and Future Ready Skill
7	Feedback	Very Good

Dear Sir,

I am writing to confirm my participation as the Resource person for the "Workshop on Building Information Modelling and Structural Design and Analysis". I am excited to be part of this workshop and to share my expertise and experience in the field of Building Design & Analysis with the participants. I confirm the date of the workshop on 14/07/2020 to 28/07/2020 which is to be conducted in online mode.

I understand that the workshop aims to provide students, entrepreneurs, researchers, and investors with a platform to explore the various prospects and opportunities available in the building design sector. I am confident that the workshop will provide valuable insights into the latest trends, challenges, and innovations in this field, and I look forward to contributing to its success.

I would like to thank you for considering me for this opportunity, and I am looking forward to working with you to make this workshop a success. Please let me know if there are any specific requirements or guidelines that I should keep in mind while preparing for the workshop.

I would also appreciate it if you could provide me with additional details regarding the workshop, such as the agenda, the number of participants, and any other relevant information.

Thank you once again, and I am excited to be a part of this event.

Best regards,

Er. R. Udayshankar

Online Workshop Report

Title	Design Concepts of Water Treatment Plants
Duration	30 Hrs. (10 days online mode)
Name of Speaker	Mr. Pramod Badgujar
Designation	Consultant & Advisor, Z.P.Nashik
Objectives	- To reduce the impurities to a certain level that does not cause harm to human health - To reduce the objectionable colour, odour, turbidity and hardness
Beneficiary	TE & BE Civil Engineering Students
Number of Participants	137
Course outcomes	- Use advanced techniques in standards and codes. - Understand deeply advanced materials used in concrete construction.

Subject: Invitation for Online Workshop on "Design Concepts of Water Treatment Plants".

Respected Sir,

On behalf of Brahma Valley College of Engineering & Research Institute, Nashik, we are very pleased to have the honor of inviting you to conduct Online Workshop at our institute from 08/02/2021 to 20/02/2021. We would like you to speak on '**Design Concepts of Water Treatment Plants**'. The main objective of the workshop is to providing the students with sufficient information to reduce the impurities to a certain level that does not cause harm to human health.

We request you to kindly accept the invitation.

Thanking You

With Regards,

Dear Sir,

I am writing to confirm my participation as the Resource person for the "Workshop on Design Concepts of Water Treatment Plants". I am excited to be part of this workshop and to share my expertise and experience in the field of Water Treatment Plant with the participants. I confirm the date of the workshop on 08/02/2021 to 20/02/2021 which is to be conducted in online mode.

I understand that the workshop aim is to reduce the impurities to a certain level that does not cause harm to human health. I am confident that the workshop will provide valuable insights into the latest trends, challenges, and innovations in this field, and I look forward to contributing to its success.

I would like to thank you for considering me for this opportunity, and I am looking forward to working with you to make this workshop a success. Please let me know if there are any specific requirements or guidelines that I should keep in mind while preparing for the workshop.

I would also appreciate it if you could provide me with additional details regarding the workshop, such as the agenda, the number of participants, and any other relevant information.

Thank you once again, and I am excited to be a part of this event.

Best regards,

Mr. Pramod Badgujar

Report

Academic Year	:	2020-21
Class & Semester	:	S.E., T.E., B.E
Title	:	Workshop on Maximum Power Point Tracking-Future Scope in Solar System
Course Duration	:	30 Hours
Number of Students completing the Certificate Course:122		

Summary Report of the Program with Outcomes:

After completing this course, a student will be able to:

- Develop understanding on the MPPT and select suitable technologies.
- Design and simulate a solar PV power plant by using various MPPT techniques using software tool.
- Plan project implementation, operation and maintenance.
- Carry out techno-economic-environmental performance evaluation of various techniques.

The student can get knowledge on :

- Main circuit DC voltage and output current can be detected and the output power of the solar array can be calculated by MPPT.
- MPPT solar charge controller could also be used in industries like mini-turbine and wind turbine, etc.
- MPPT would simplify system and improve output efficiency.

Respected Sir,

Subject: Proposal to get permission to conduct 5 days certification course on “**Workshop on Maximum Power Point Tracking-Future Scope in Solar System**” in our campus of our 2nd, 3rd and 4th year Electrical Engineering students from 06/07/2020 to 10/07/2020.

We are going to organised a certification course on “**Workshop on Maximum Power Point Tracking-Future Scope in Solar System**” for our 2nd, 3rd and 4th year Electrical Engineering students 06/07/2020 to 10/07/2020.

Increasing demand of Electricity in today's world, efficiency of Electricity enhancement and for making ecofriendly environment, necessitates the production of electricity in a very effective manner. MPPT is one of the smart ways of electricity generating with high efficiency. As, MPPT is already associated with the solar power & this technique has the ability to use directly for several purposes such as heating and lighting the facilities, producing electricity, for temperature treatment (heating or cooling), and various other uses related to manufacturing, engineering or money-making .

For the same we request you to consider our request and grant permission to conduct the above said program. Hoping for early response for this approval.

Thanking you.

Respected sir,

On behalf of Brahma Valley College of Engineering & Research Institute, Nashik, we are very pleased to have the honor of inviting you to conduct Workshop at our institute. We would like you to speak on "Workshop on Maximum Power Point Tracking-Future Scope in Solar System". The main objective of the course is to implant importance and necessity of workshop for development.

We request you to kindly accept the invitation.

Thanking You

Dear Sir,

I am writing to confirm my participation as the resource person for the "Workshop on Prospects for Star-ups in Solar Energy Technology." I am excited to be part of this workshop and to share my expertise and experience in the field of solar energy technology with the participants. I confirm the date of the workshop on 06/07/2020 to 10/07/2020 which is to be conducted in online mode.

I understand that the workshop aims to provide students, entrepreneurs, researchers, and investors with a platform to explore the various prospects and opportunities available in the solar energy technology sector. I am confident that the workshop will provide valuable insights into the latest trends, challenges, and innovations in this field, and I look forward to contributing to its success.

I would like to thank you for considering me for this opportunity, and I am looking forward to working with you to make this workshop a success. Please let me know if there are any specific requirements or guidelines that I should keep in mind while preparing for the workshop.

I would also appreciate it if you could provide me with additional details regarding the workshop, such as the agenda, the number of participants, and any other relevant information.

Thank you once again, and I am excited to be a part of this event.

Title	:	Workshop on Prospects for Star-ups in Solar Energy Technology
Course Duration	:	30 Hours

Number of Students completing the Certificate Course:122

Summary Report of the Program with Outcomes:

After completing this workshop students should learn the

- Scope and Business Opportunities in Solar Photovoltaic, Solar Thermal and Solar Water Pumping Technologies
- Opportunities under Start up India / Stand Up India Policy of Govt. of India
- Economics of Solar Technologies. Business Models for Funding, etc.
- Different types of Companies, Compliance Mechanism with Ministry of Corporate Affairs, GST rules, Tax payments, Tax Breaks, etc.

The student can get knowledge on :

- Startup the business in solar energy technology

Subject: Proposal to get permission to conduct 5 days certification course on “**Workshop on Prospects for Star-ups in Solar Energy Technology**” in our campus of our 2nd, 3rd and 4th year Electrical Engineering students from 18/01/2021 to 22/01/2021.

Respected Sir,

We are going to organised a certification course on “**Workshop on Prospects for Star-ups in Solar Energy Technology**” for our 2nd, 3rd and 4th year Electrical Engineering students 18/01/2021 to 22/01/2021.

This course aims in a better understanding in Solar Energy Technologies for an individual to become an entrepreneur. To know the Scope and Business Opportunities in Solar Photovoltaic, Solar Thermal and Solar Water Pumping Technologies in general. The detail study of Different types of Companies, Compliance Mechanism with Ministry of Corporate Affairs, GST rules, Tax payments, Tax Breaks, etc

For the same we request you to consider our request and grant permission to conduct the above said program. Hoping for early response for this aproval.

Thanking you.

Subject: Thank you Letter for conducting online workshop on “Negotiation skills for managers”

Hello Sir/Madam,

We are really grateful that you yourself took time from a very busy schedule to come to our institute where business administration has been taught to students for conducting workshop on “Negotiation skills for managers”, and your knowledge is immensely benefited them.

You are a well-known speaker in this field and hence we want our students to learn first-hand experience. Though we wanted the session to be a little longer so that you could discuss your books and progress but your modesty has humbled us and we feel our students have taken benefited from this seminar.

Thank you very much for motivating the students and also for being a good mentor and guide for our institute.

Dear Sir,

I am writing to confirm my participation as the Resource person for the "Workshop on Personality Development". I am excited to be part of this workshop and to share my expertise and experience in this field with the participants. I confirm the date of the workshop on 07/02/2021 to 15/02/2021 which is to be conducted in online mode.

I understand that the workshop aim is to provide students, the present world is moving over the software developers, for build control & management, testing and also is a part of Engineering. I am confident that the workshop will provide valuable insights into the latest trends, challenges, and innovations in this field, and I look forward to contributing to its success.

I would like to thank you for considering me for this opportunity, and I am looking forward to working with you to make this workshop a success. Please let me know if there are any specific requirements or guidelines that I should keep in mind while preparing for the workshop.

I would also appreciate it if you could provide me with additional details regarding the workshop, such as the agenda, the number of participants, and any other relevant information.

Thank you once again, and I am excited to be a part of this event.

Best regards,

Mr. Kumud Lagade
